

VIDEO LESSONS– FUN WAY TO LEARN

So one day my classmate Alex and I went to the video lesson with a school in England - Rokeby. We prepared themes about UK, some texts about Victorian England, Queen Victoria and London. The students from Russian group Y11 at Rokeby organised a game-quiz with questions about Russia and the UK. They took random questions about our country, we took random questions about the UK.

There was a microphone and when you answered you had to go to it. And there were also a few people: me, Alex and some other students from the neighbouring department of our school. Pupils from Rokeby school were all from different countries, all of them knew Russian, and knew a lot about Russia too; it was kind of cool. They understood what we said, so we spoke both Russian and English. For me it was such a fantastic experience to be able to share opinions with people from another culture, and I can't wait until the next video lesson.

I don't quite remember but it seemed like we won the

game. There weren't any prizes but we certainly enriched our vocabulary, and so did they. In conclusion, I am really happy that we have such unforgettable events at our schools. It was all great fun and hopefully there will be more similar occasions this year.

Видео урок - весёлый стиль учёбы

Однажды я и мой одноклассник Алекс посетили он лайн видео -урок с британской школой Rokeby, который проводился в нашей гимназии. Мы приготовили темы о Великобритании , несколько текстов о Викторианской Англии, королеве Виктории и Лондоне.

Школа Rokeby организовала викторину с вопросами о России и Великобритании. Ученики британской школы вытягивали вопросы, связанные с Россией, а мы в свою очередь – вопросы о Великобритании. Для ответа нужно было говорить в микрофон.

Всего присутствовало несколько учеников: я, Алекс и другие учащиеся из соседнего отделения № 2043. Ученики британской школы неплохо владели русским языком. Ученики гимназии №1592 также показали отличные познания в английском языке. Я считаю, что подобные мероприятия — прекрасный опыт, поскольку позволяют общаться и делиться мнениями по разным вопросам с представителями других культур.

Насколько я помню, из той викторины мы вышли
